

PRODUCT INFORMATION SHEET

Product Name: ULTRAPLUS 15W40 CJ-4 SM

Date Issued: 21st Jan 2009

PRODUCT

Prolube Ultraplus is a low ash superior performance multigrade engine oil designed for use in modern four stroke diesel engines, including those fitted with emission and electronic control systems in order to meet the latest standards and in particular for long haul extended drain cycle operations. Ultraplus is a unique formulation combining the latest in diesel technology additive packages to provide superior anti-wear, anti-corrosion, anti-oxidant protection and exceptional soot control. This unique blend incorporates synthetically fortified base oils to improve engine durability and oil stability at high temperatures.

APPLICATION

Ultraplus is recommended for all four stroke US built diesel engines as well as many of the latest European and Japanese heavy-duty diesel engines. It will give extended oil drain periods up to 40,000 km in single trailer operations or 25% above current drains in more arduous applications. Regular oil analysis will maximise your drain periods as well as provide you with information to minimise the cost to your operation.

STANDARDS

Meets or exceeds the following:

SAE Grade: 15W40

API: CJ 4 SM, CI-4, CI-4 Plus, CH-4

ACEA: E7-04

Mack EO-O Premium Plus

Caterpillar: ECF-1, ECF-2, ECF-3

Volvo: VDS-4

MB 228.3/228.31

Detroit: DDC 97K218

MTU Type 2

Cummins: CES 20081

MAN 3275

Renault RVI RLD-3

CONTAINER SIZES

Bulk,

205 Litres,

20 Litres.
