

PRODUCT INFORMATION SHEET

Product Name: **PROCUT
NEAT CUTTING FLUID**

Date Issued: 1st October, 2005

PRODUCT

Prolube Procut is a heavy duty straight cutting oil which is blended from highly refined base oils and sulphur and chlorinated wax-type extreme pressure additives. The additives ensure excellent surface finish to machined components and prolonged cutting tool life.

APPLICATION

Procut can be used for medium and difficult machining of ferrous metals – heavy duty automatic machining, milling, broaching, gear cutting, hobbing, forming cold heading. It is usually used neat for heavy machining but can be diluted with light oil for lighter duty machining operations.

CONTAINER SIZES

205 Litres, 20 Litres.
