

PRODUCT INFORMATION SHEET

Product Name: SYNTEGRA TRANSAXLE 450

Date Issued: 1st October, 2005

PRODUCT

Prolube Syntegra Transaxle 450 is a sophisticated, fully synthetic transmission oil which has been developed for use in Road Ranger transmissions and for automotive and industrial applications where extreme pressure properties are not required. The extremely high viscosity index and very low pour point provide a highly adhesive film to allow superior protection to gear teeth and bearings against wear.

APPLICATION

Syntegra Transaxle 450 can also be used where manufacturers recommendation is for API GL-1 gear oil. It can also be used to lubricate various manual transmissions, spiral bevel axle assemblies and worm gear drives on commercial, farm and truck equipment.

CHARACTERISTICS

API GL-1

CONTAINER SIZES

205 Litres,

20 Litres.
